EVERYDAY STANDARDS IN GLASSWARE

Arcoroc
PROFESSIONAL

BASIC, ESSENTIAL AND COMPLETE: this is the foundation for the KoreWare collection from Arcoroc.

The most common shapes, styles, and sizes of reliable glassware standards are captured in this versatile collection. Whether it's stemware, tumblers, mixing glasses, or water goblets, operators can expect the same quality and service they have come to trust from Arcoroc.

The KoreWare collection is unique in its offer of glassware items used most often in foodservice, because many of the items are fully tempered (**such as the Gotham line...**)

or rim tempered, providing 5x more shock resistance than standard annealed glassware, keeping the glassware in service longer. To help round out specific styles and designs we've created a full range of offerings with different sizes to make it easier for customers to make a single, complete installation or replacement.

Arcoroc KoreWare offers a complete collection with the upgrades you need, priced right.
